What you wanna do?

Wanna be hiders? Yeerk Fighters? Nighters? Wasin time morphin venom biters?

nine to five with some fan fic writers?

Raidin' Yeerk Pools with Dracon Lighters?

Yeah morphin gills with parasite fryin skills

Flyin' with Bird Boy for thrills

Pick up a Horl-Bajir and give them a slam

Watch the Taxxons eat eachother like ham

Jake's got a Controller in his house

Got the traitor, David stuck as a rat or a mouse

Thinkin about slugs twenty- four hours a day

They could just fly away, gotta destroy Kandrona Rays

Slugss controlling head of WAA, He's the coannible Yeerk of course

They're so desperate they tried to control a horse

It's all about the Animorphs, what?

They've got to be the weirdest group I've ever heard

Thurning into animals? That's absurd

Visser Three think Andalite hosts are real neato

Wait til he goes human and tries a acheddar Cheeto

Your attacking the Visser? He'll cut you in half

In the slaughtershouse two of them as calfs

The blue box symbolizes when they and Elfangor met

They're the biggest hit on the internet

The Yeerk Pool is a hazard

Fall in and a parasite will be your master

Visser, you think your powers stellar?

Think you can send E-Mail like some regular AOLer

Buyin morphing cubes from chattin E-Bay sellers

The Morphs should do the world a favor and smack you like some tattle-teller

Rachel so close I'm suprised you can't even smell her

It's all about the Animorphs! Yeah!

It's all about the Animorphs! Yeah!

It's all about the Animorphs! Yeah

It's all about the Animorphs! Yeah!

Now, whatcha wanna do?

Wanna be hiders? Yeerk Fighters? Nighters?

Wastin' time morphin venom biters?

Raidin the Yeerk Pool with Dracon lighters?

Wanna be in their crew ?

Fight aliens and turn into animals like they do?

There's Ax his real name is Aximilli

Obsessed with Cinabuns and "primative" TV

Ax's head has clocks, Try flying it rocks

They were normal until that blue box

Tobias now hunts with his beak

No tail? Ax thinks humans are weak

Marco uses his mom as bait

Usin Vissed One to knock her rival outta the state

The Yeerk Pool can get hectic

Oatmeal infected, Six none Yeerks detected

If your stories are good I'll list 'em

Some plots I'm tired of so I'll diss 'em

They can't tell you anything cuz they got to hide

If the Yeerks find em they'll crash like the tide

Did you hear about the Hork-Bajir named Dak?

Where do you think they got their power? A box of Cracker Jacks?

Your making fun of the Ellimist too?

He's gonna take his computer of existence and control-alt-delete you!

It's all about the Animorphs!

It's all about the Animorphs!

It's all about the Animorphs!

It's all about the Animorphs!

Now, whatcha wanna do?

Wanna be hiders? Yeerk fighters? Nighters?

Wastin' time morphin venom biters?

Raidin the Yeerk Pool with Dracon lighters?

What?!
